

On the 11th hour of
the 11th day of the
11th month

when the guns fell
silent, we will
remember

“The nation which forgets its defenders
will be itself forgotten.”

- Calvin Coolidge

What is your digital footprint today?

- Social Media
- Banking / Credit
- School Records
- E-Commerce
- City services (licenses, utilities, social services)
- Government Agencies
- Police or Military Records
- Services (DNA based heritage research)
- Smartphone Apps

What can you do about it?

PROTECTION ON THE HOME FRONT

Cybersecurity Awareness Month tips for operating safe and secure while working from anywhere

DO YOUR PART. #BECYBERSMART

1. Secure your home wireless network (change factory passwords use a firewall)
2. Use multi-factor authentication (personal and work)
3. Protect all devices (smartphones, pads/tablets, gaming, storage)
4. Know your apps (remove suspicious apps, update when recommended, don't depend on default permissions, exercise "least privilege")
5. Limit the information you expose (personal details on social media, friends you don't know, mask passwords from view, use a password vault)
